UNICEF Education Kit Handbook

Early Childhood Development Kit Guidance

INTRODUCTION

The UNICEF Education in Emergencies (EiE) Handbook is a tool that provides training and curricular guidance in support of UNICEF pre-packaged education kits. This is the first version of the handbook and it has only been partially field tested. As such, all feedback is critical and welcome to help inform the planned revision. Please contact the Education Unit at UNICEF Supply Division with all relevant input, criticism and suggestions.

The handbook is available in French and English. Each education kit shipped from Supply Division will contain the relevant module. Module One, the overall guidance module, is available upon request, or on the UNICEF website, along with all the other modules.

ACKNOWLEDGEMENTS

The Handbook was developed over eighteen months by UNICEF staff from the Programme Education sections in New York and Geneva and from Supply Division in Copenhagen. This document was developed through a consultative process led by a consultant that was guided by a reference group composed of UNICEF staff from Country Offices, Regional Offices and HQ locations. It was also independently reviewed at various stages by other UNICEF staff. A special thank you goes to all those who supported this project.
